Education

SGT University

Bachelor of Computer Applications (BCA)

CGPA: 8.6/10

2024 – 2027

Gurugram, Haryana

Technical Skills

Languages: C, C++, Python, JavaScript, TypeScript, SQL
Frameworks: React.js, Next.js, Node.js, Express.js, Tailwind CSS
Databases & Services: PostgreSQL, MongoDB, Redis, Firebase, AWS
Developer Tools: Git, Docker, Jupyter Notebook, VS Code

Experience

Grow That Brand

March 2026 – April 2026

Freelance Full Stack Developer

Remote

- Engineered and deployed **3 production-grade web applications** (Admin Dashboard, Onboarding Platform, Client Portal) using React, Node.js, Express, and PostgreSQL, eliminating manual workflows across the agency.
- Designed a real-time analytics dashboard **aggregating and analyzing 100+ leads and campaign metrics**, improving operational efficiency by 40% compared to spreadsheet-based tracking.
- Architected an automated onboarding platform and **secure role-based client portal** with JWT authentication and Tailwind CSS, reducing client setup time by 50% and centralizing access control.
- Optimized **high-converting lead-generation funnels** using **ClickFunnels**, improving campaign performance and conversion rates.

Projects

AgriAI Platform | React, TypeScript, FastAPI, PostgreSQL, Redis

[Website](#) / [GitHub](#)

- Architected a **full-stack AI-powered agriculture platform** providing crop price prediction, weather insights, yield forecasting, price alerts, and an AI farming assistant.
- Developed scalable backend services with FastAPI and PostgreSQL (SQLAlchemy), implementing JWT and Google OAuth authentication, Redis caching, and background job scheduling for real-time market monitoring.
- Designed a responsive frontend using React and TypeScript with protected routes, dashboard layout, lazy loading, and reusable UI components.
- Integrated Gemini and Groq AI services for intelligent crop recommendations and conversational support, along with user profile management, admin controls, and notification systems.

Achievements

- Hackathons:** Won **1st place** in SIH Internal Hackathon (100+ teams), secured **Top 5** in an inter-college hackathon.
- Innovation:** Secured **2nd place** in an Idea-to-Patent competition under strict time and constraint based conditions.
- Academics:** Consistently ranked in the **Top 5 across all semesters to date**.
- Sports:** Won **1st place** in inter-university basketball competition.

Certifications

- Meta Front-End Developer** Meta (2025)
- Meta Back-End Developer** Meta (2025)
- Machine Learning** DeepLearning.AI (2026)
- Python Programming** Google (2026)
